Lack of additional personalization options Sadly, the lack of essential functions leaves a lot to be desired, limiting the ability to fully customize the look of the logos. The app doesn't provide the option to insert images and decorative symbols to add a touch of personality to the file. Simple tool to generate logos The bottom line is that Flash LogoWizard is a useful application that comes in handy when you want to create static and animated Flash logos for your personal websites or friends and clients. 93 Total Bits VS. Your Dearest Pet - 06 Dec 2017, 11:18 Total Bits VS. Your Dearest Pet - 06 Dec 2017, 11:18 It may sound weird to think that Total Bits is a video hosting app that allows you to share the day's funniest movies and TV shows with your furry friend, but it's true. In fact, it was the best \$1.99 spent in 2017. What makes it a must-have is its unique ability to generate video previews for just about any topic you'd like to share with your precious buddy. Sure, you can use the camera button to record YouTube videos, and then share them with your pooch, but it's time-
