If you have any questions please do not hesitate to contact us. We are here to help. Dementia in Primary Sjögren's syndrome. Although primary Sjögren's syndrome (pSS) is thought to be a systemic disease, neuropsychiatric manifestations have been documented. Depression is one of the most frequent manifestations of the disease, but dementia has rarely been reported. To determine the frequency and characteristics of dementia in patients with pSS. This was a cross-sectional study of patients with pSS and controls matched for age, gender, and educational level. Dement 82157476af
